 Fracking Boom Seen Slow to Develop in New York, Regulator Says

## Bloomberg

A decision to permit hydraulic fracturing for natural gas in New York state will trigger a cool response from drillers, the state's environmental regulator said. Low natural-gas prices have dulled interest in New York's gas reserves, Joseph Martens, ...

Fracking Regulations Needed to Protect Gas Workers, AFL-CIO Says

Bloomberg

The AFL-CIO, the biggest US labor organization, said that hydraulic fracturing -- drilling to free natural gas and oil from shale rock -- is harmful to workers and should be monitored by the federal government. The oil- and gas-extraction industry has ...
